

## APPOINTMENTS

Individual appointments take place in the privacy of a consulting room. There is a waiting room on the ground floor.

Unfortunately due to Covid 19 social distancing requirements, relatives or friends will not be able to accompany you into the building (except in exceptional circumstances). Please ask when booking if you require a chaperone.

This arrangement will remain in place until Government guidelines advise otherwise.

## CHILDREN

We only see and treat children above the age of 5 years. Children under 16 must be accompanied by a responsible adult.

## ACCESS

If you have mobility problems, please notify us in advance of your visit so that we can ensure you receive help entering the building.

## CONSULTATION

Consultation session times with Dr Daya are chargeable per session. Although the session time taken may not take the full time allocated, the full fee is still payable for that session.

## TEST RESULTS

You will be required to book a 15 minute telephone consultation to discuss each of your test results and any resulting changes to your treatment plan.

## REPEAT PRESCRIPTIONS

When prescribing any medications, including Bio identical hormones it is of paramount importance to prescribe the correct medication and dose.

In order to do this and to safely prescribe, it is necessary for patients to be regularly monitored. We therefore require all patients needing a prescription to have repeat blood and/or saliva tests every 3-6 months, followed by a consultation with Dr Daya.

Dr Daya will not be able to continue prescribing without regular monitoring.

Dr Daya is also unable to prescribe unless you are seeing her as a patient.

## RETURNS POLICY

We offer a full refund on unopened products returned within 14 days of purchase. We do not refund on tests and consultations.

## CONFIDENTIALITY

Your treatment and care is confidential and no information shall be passed to a third party without your written consent.

We endeavour at all times to respect the privacy and dignity of all our patients, and have policies and procedures in place regarding patient information and data protection.

## COMPLAINTS

All members of Wholistic Medical Centre are keen to provide patients with the best possible service.

If you have any helpful suggestions or cause to complain please inform the Clinic Administrator or email [info@wholisticmedical.co.uk](mailto:info@wholisticmedical.co.uk)
